

JANANI B

Full-Stack Developer | UI/UX Designer

Coimbatore, Tamil Nadu | +91 6369382750 | janani26112006@gmail.com | [linkedin.com/in/janani-b-b20712392](https://www.linkedin.com/in/janani-b-b20712392) | github.com/jananijanani2611-code

Noble Book of World Records — Largest Collaborative UI/UX Design Project (~6,300 Figma UI pages, 175 designers, 3 hours)

SUMMARY

Full-stack developer and UI/UX designer — I design in Figma and I build the result. Figma work spans e-commerce, food delivery, and learning-platform interfaces; production code ships in React/Next.js, Spring Boot, and Flask. Completed a UI/UX internship at CodeAlpha and a Website Development internship at Altalya Solutions. Designing with implementation in mind means fewer rework cycles and faster handoff — whether I'm handing off to a developer or building it myself.

SKILLS

UI/UX Design	Figma — wireframing, prototyping, high-fidelity UI, design systems, usability testing, developer handoff
Frontend	React.js, Next.js 14, HTML5, CSS3, Bootstrap 5, Framer Motion
Backend & APIs	Spring Boot, REST API design, JDBC, Flask, Flask-SQLAlchemy
Databases	MySQL, MongoDB, SQL
Languages	Java, Python, C
Tools & Deployment	Git, GitHub, Vercel, Render, VS Code, TinaCMS, Chrome DevTools

UI/UX DESIGN PROJECTS (FIGMA)

Foodie — Food Delivery App — Mobile App · Low-Fi to High-Fi

- Took the design through a full low-fidelity to high-fidelity progression — login, home, and restaurant/menu screens — before final visual polish.
- Designed the ordering flow (item cards, add-to-cart, view cart) with a consistent orange accent system and bottom navigation.

[Prototype](#)

Jewellery E-Commerce Website — Web · High-Fidelity UI

- Designed a full desktop jewellery storefront: hero banner, shop-by-category grid, and a dedicated men's collection section, using a soft pink and gold palette suited to the brand.
- Structured the layout for clear product discovery — category-first browsing with consistent card sizing across rings, earrings, bangles, and mangalsutra sections.

[Prototype](#)

Online Learning Platform — Mobile App · High-Fidelity UI

- Designed a 5-screen mobile learning app flow: splash, login, home course listing, course details, and profile.
- Applied consistent visual hierarchy and card-based course listings to support quick scanning across course categories.

EXPERIENCE

Project Trainee — Website Development — Altalya Solutions Pvt Ltd

Tiruppur | May 16–30, 2026 · Next.js · Framer Motion · TinaCMS · Vercel

- Built and deployed a fully responsive corporate website using Next.js 14, Tailwind CSS, and Framer Motion, live on Vercel with an SEO-optimized, mobile-first structure.
- Integrated TinaCMS for content management, enabling non-technical content updates without developer involvement.

UI/UX Design Intern — CodeAlpha

Remote | January 2026 · Figma · Mobile UI · Prototyping · User Research

- Designed mobile application UI screens and interactive prototypes in Figma, applying user flows and usability testing to refine designs iteratively.
- Delivered final design assets with developer handoff documentation, reducing implementation ambiguity for the engineering team.

DEVELOPMENT PROJECTS

Hostel Management & Monitoring System — Spring Boot · React · MySQL · Bootstrap 5

2024–25

- Built a full-stack room allocation and occupancy-tracking system with a Spring Boot backend and React + Bootstrap 5 frontend.
- Implemented role-based access control and CRUD operations across REST APIs for real-time room availability.

[GitHub](#)

Smart Tourist Safety System — Python · Flask · Flask-SQLAlchemy

Mini Project (Independent / Academic) · 2025–26

- Built a tourist safety monitoring platform with a Flask + SQLAlchemy backend, deployed live on Render.
- [PENDING: describe the SOS/alert feature accurately once confirmed]

EDUCATION

B.Tech — Computer Science & Business Systems (CSBS) — CGPA: 7.2 / 10

Dr. N.G.P Institute of Technology, Coimbatore | 2025–2028

Diploma — Computer Science Engineering — 84.4%

Sri Ramakrishna Polytechnic College | 2022–2025

CERTIFICATIONS & ACHIEVEMENTS

- Noble Book of World Records — part of a 175-student team that produced ~6,300 Figma UI pages in 3 hours for the Largest Collaborative UI/UX Design Project, Dr. N.G.P Institute of Technology (NWR No. IN24103479), March 2026.
- NPTEL Elite — Data Analytics with Python, IIT Roorkee (Jan–Apr 2026).
- AI in Edge Computing & IoT — 5-Day Value Added Course, KRISHTEC / Dr. NGP Institute of Technology (Jul 2025).
- Java Full Stack Development Course — Altalya Solutions Pvt Ltd, conducted with Dept. of CSBS, Dr. N.G.P Institute of Technology (Mar 2026).
- Data Visualisation: Empowering Business with Effective Insights — Tata Forage Job Simulation (Jul 2026).
- Entrepreneurship Program — App Innovation Technologies Pvt Ltd, Coimbatore (Aug 2024).
- AI/ML Neural Hack & BioAI Hack — Participant, FIESTAA'26, KPR Institute of Engineering & Technology (Feb 2026).
- Paper Presentation — NEXERA'26, National Level Technical Symposium, CIT (Feb 2026).
